Although St. Francois County was formed in the year 1821 from portions of Jefferson, Ste. Genevieve and Washington Counties, the earliest book of Marriages, to be found in the court house, was begun in 1836. In a recent correspondence, Mrs. L. M. Crouch, Jr., of Harrisonville, Mo., recalled a visit to Farmington, about twenty years ago, where she discovered the earlier marriages scattered among the land records in Deed Books A & B. Thereafter, all of the marriages, contained in these two books, were microfilmed by the compiler of MISSOURI MISCELLANY, and here proudly presented in Volume II of this series.

In the year 1902, due to the age and condition of the original Deed Books, the records were copied "letter for letter and figure by figure as fully as the original record" into a new ledger by J. C. Williams, Clerk of Circuit Court & Ex-Officio Recorder. Using red ink, the page numbers of the original books were copied into the margin of the new ledger.

In the records that follow, the original page number is given at the beginning of each marriage. Should one wish to obtain a certified copy of a marriage, make certain that you specify the original page number transcribed into the margin of Deed Book A (or B). These marriages are not indexed, and without this information, there is a possibility that the clerk would be unable to locate the record.

A "Key" to the names of the ministers and officials who performed the ceremonies will be found on page 110 in this book.
